One Stop e Solutions Company

## E-Creatorz

E-Creatorz (Pvt.) Ltd. is one of the leading eSolutions providers based in Pakistan and providing its electronic services to national and international market since last 6 years. Initially, our approach was to help small businesses to make their identity and bring them over the world-wide-web because it is one of the basic needs for any business. Providing web-based solutions is our core business, we provide solutions that are attractive yet functional; professional yet affordable. We also offer customize solutions as per customer needs.

## Overview

It is an online document management system which allows users to share files and collaborate over the Internet with any person through any web browser. It links geographically dispersed team without requiring a complex expensive IT infrastructure which provides you a secure online storage and management system to organize, access, and share Office or PDF documents securely over the Web.

## Solution

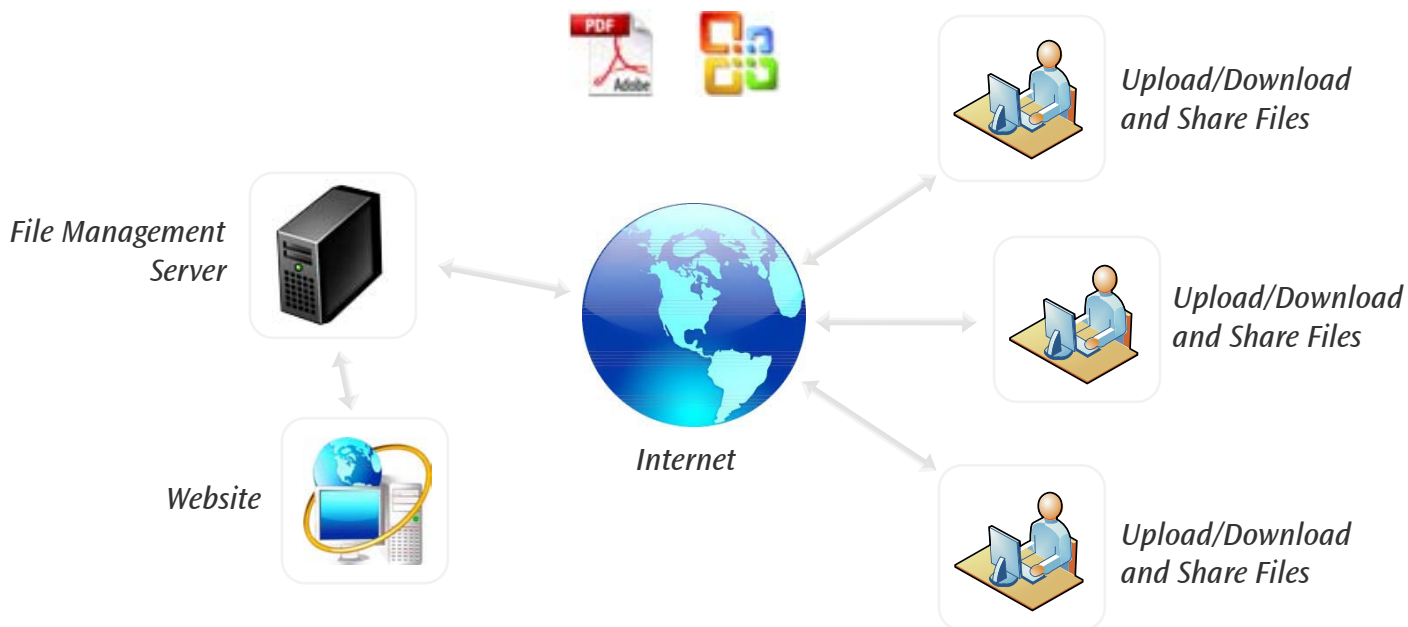

e-Docz is specially designed for those companies, who are seeking to extend the mobility of their workforce, as well as tighten client and vendor document exchanges, benefit from the simplified model that delivers always-on availability, without the hardware, software or maintenance costs.
